

Ans Bangladesh

Versatile Sourcing Solution for a Constantly Evolving Global Market

21+ Years Experience | 20+ Manufacturing Units | Europe • USA • Asia | MOQ 1,000–3,000 pcs | End-to-End Sourcing | Compliance-Focused Network

About Us

Founded in Bangladesh, ANS Bangladesh bridges the gap between apparel brands and world-class local manufacturing expertise. We specialize in transforming your design concepts into retail-ready collections by managing everything from ethical procurement to custom product development, rigorous quality control, and streamlined logistics.

We proactively manage risk, ensure compliance with international standards, and deliver consistent quality with reliable lead times.

The ANS Advantage:

21+ Years of Trusted Expertise

With over 21 years of deep-rooted experience in the Ready-Made Garments (RMG) industry since 2004, our leadership brings unparalleled insight into garment manufacturing, dedicated sourcing offices, and international buyer communication.

We act as your local eyes and ears on the ground in Bangladesh. Our team's deep expertise spans merchandising, product development, fabric technology, and uncompromising quality control. When you partner with us, you eliminate the geographic and communication gaps often associated with offshore manufacturing.

Core Capabilities & Sourcing Data

We partner with a curated network of 20+ vetted and compliant manufacturing units across Bangladesh, providing flexible production capacities and specialized manufacturing expertise.

Quick Facts at a Glance

Metric	Details
Experience	21+ Years in RMG Industry Sourcing & Production
Factory Network	20+ Vetted, Audited Manufacturing Partners
Standard MOQ	1,000 to 3,000 pieces per style (Flexible for market testing)
Target Regions	Serving buyers across Europe, the USA, and Asia.

What We Do

End-to-End Apparel Sourcing Services

We support brands throughout the entire sourcing process from product development to final shipment.

- * Product Development
- * Fabric & Trim Sourcing
- * Costing & Sampling
- * Manufacturing Coordination
- * Quality Assurance
- * Compliance Monitoring
- * Logistics & Shipment Management

Strategic Growth & Value Expansion

Year	Milestone & Capabilities	Strategic Value
2014	Company Established Registered as an RMG trims and accessories sourcing agency.	Deep Component Expertise: Deep foundational knowledge of garment raw materials and strict quality trim frameworks.
2018	Supply Network Expansion Expanded operations into raw fabric and accessories sourcing.	Optimized Supply Chains: Stronger upstream textile networks, ensuring competitive fabric sourcing and minimized lead times.
2024+	RMG Export Sourcing Upgrade Registered to provide full, end-to-end apparel export solutions.	Complete Risk Management: A true end-to-end partner handling everything from compliance to final delivery for global brands.

Sustainability & Eco-Friendly Commitment

We are committed to sustainable and responsible sourcing practices. Our manufacturing partners adhere to the highest environmental and social standards, ensuring eco-friendly textiles from raw material to finished product.

Our sustainability focus areas:

- Organic & Recycled Materials
- Water Conservation & Efficiency
- Reduced Carbon Footprint
- Renewable Energy Adoption
- Waste Reduction & Recycling
- Ethical Supply Chain Transparency

Compliance

Your Order, Step by Step

Quality Assurance Process

RAW MATERIAL INSPECTION

Inspection of inbound fabrics, trims, and components
Checking against specifications and standards
Verifying quantity and quality of incoming goods

LAB TESTING

Sample testing for material properties (e.g., fiber composition, colorfastness)
Chemical and performance standard compliance
Tensile strength and other mechanical testing

PP SAMPLE APPROVAL

Review of Pre-Production (PP) sample garments
Full technical fit and construction assessment
Verification of style, design, and trim accuracy

INLINE INSPECTION

Real-time production checks at key manufacturing stages
Identification of defects early in the sewing/assembly lines
Corrective action implementation during production

FINAL AQL INSPECTION

Comprehensive finished goods inspection using sampling standards (e.g., AQL)
Full defect categorization and measurement checks
Statistically based acceptance or rejection of the batch

SHIPMENT APPROVAL

Final confirmation that the batch meets all quality standards
Authorization to release goods for transport
Creation of a clear Quality Assurance summary for the client

Message from the CEO

With over 21 years of hands-on experience in apparel sourcing, merchandising, product development, and supply chain management, I have built ANS Bangladesh on the principles of transparency, reliability, and long-term partnership.

Since 2004, we have evolved from an accessories sourcing company into a complete apparel sourcing and export solution provider. Today, we connect global brands with trusted manufacturing partners across Bangladesh while ensuring quality, compliance, and on-time delivery.

We look forward to supporting your sourcing goals and building a successful partnership together.

Syed Amirul Hossain
Founder & CEO

Contact Us & Initiate Sampling

Are you looking to optimize your production margins in Bangladesh without sacrificing compliance or quality? Let's start the conversation.

To evaluate our capabilities, send us your tech pack, design concept, or reference sample for a complimentary costing analysis and sourcing consultation.
